Sir,

I have the honour to forward herewith, for your information, a copy of the Proceedings of a meeting held in connection with the Draft Irrigation Act.

I have the honour to be,

Sir,

Your most obedient servant,

T.B.N.

Deputy Chief Engineer of Mysore.

Proceedings of a meeting held in the Public Works Secretariat on the 15th May 1915 in connection with the Draft Irrigation Act.

Present.

1. Mr.K.Krishniengar, B.A., L.C.E., Deputy Chief Engineer and Joint Secretary to Government, P.W.Department.
2. Mr.P.G.D'Souza, B.A., B.L., Deputy Secretary to Government, General & Revenue Departments.
3. Mr.G.Srinivasa Iyer, B.A., M.L., Assistant Secretary, Legislative Department.
4. Mr.N.Rama Rao, B.A., B.L., Assistant Secretary, Revenue Department.
5. Mr.S.A.Ramaswami Iyer, B.E., Executive Engineer, Irrigation Division.

The Deputy Secretary stated that the Draft Act was too elaborate and suited for tracts where irrigation by numerous canals was carried out and not fully applicable to tank irrigation in Mysore. Moreover, the sections of the Act had been copied mostly from the Bombay Act without verifying which of the numerous matters dealt with had been already covered by the existing Revenue Code, Revenue rules and executive orders of the late Chief Commissioner and those issued since the Rendition. It was necessary to collect all these rules in one place and compare them with the provisions of the Act. If the powers and procedure under some sections of the Act, have already come under the purview of the old rules, it is unnecessary to embody them in the Act.

It will then be seen whether it is necessary to annul the old rules and embody them in the Act or whether a few authorisation clauses giving power to

frame fresh rules, suited to the changed circumstances, are all that ~~are~~ is necessary to meet the contingencies.

Mr.Rama Rao kindly agreed to arrange to collect all the old rules and then seen what all is covered by these ~~the old~~ rules.

A further meeting to discuss the Act section by section was arranged to be fixed for the 15th June 1915

My dear Mr.Narasinga Rao,

The Committee meeting for considering the Draft Irrigation Bill has been fixed for tomorrow.

I am sorry to inform you that I am unable to attend the meeting as I am detained here under unexpected circumstances. I have also to meet the Inspector General of Irrigation who is expected at Krishnarajasagara Works on Tuesday evening.

The meeting may therefore be kindly postponed. You can fix a date for the next meeting after I go to Bangalore on or about Wednesday the 8th.

Yours sincerely,

Sir,

With reference to your letter No.J,1616/Legis.dated 14th November 1917 enclosing a copy of the draft of the Irrigation Act proposed for the Mysore State, and calling for my remarks on the same, I have the honor to state as follows:--

The objects and reasons for passing of such an Act do not appear to have been stated anywhere in the papers sent to me, but I have taken them to be identical with those that appear to have led the Bombay Government to pass their Act VII of 1879--, namely the scientific regulation of the supply of water, the prevention of waste and of unauthorised use of water, the economic utilisation of water available for extension of irrigation, the framing of an up-to-date record of rights of irrigation, and so forth.

The Committee which will in all probability be appointed to go minutely through the draft Bill and propose alterations, will no doubt consider verbal and other minor amendments wherever such may be deemed to be necessary. The main consideration at the present time for the Settlement Department is, as to the bearing the provisions of the Bill will have on the Survey Settlements in force. I do not see
